

SDI Computer Nitrox Diver

The SDI Computer Nitrox course is a great next step after the Open Water Diver certification and is structured in an easy to understand manner by making use of a Nitrox programmable computer. Nitrox as a breathing gas has a lot of benefits for both new and experienced. The course will cover the use of Nitrox mixtures from 22 to 40 percent oxygen.

The benefits of using Nitrox include:

- * Increased safety margins
- * Reduced post dive fatigue
- * Extended no-decompression times
- * Longer Bottom Times.
- * Shorter Surface Intervals.

Easy to complete:

- Read manual
- Complete knowledge reviews
- One hour with Instructor to sit Exam and complete practical application with Oxygen analyser and your Nitrox computer
- No dives are included in this course

Pre-requisites:

- Certified Open Water Diver
- Must have own Nitrox Compatible Computer and knowledge on how to change it to Nitrox mode. (Consult your manual)

Course Cost :

Course with Easy Nitrox Diving Manual **\$199**

Course with Easy Nitrox Diving CD-Rom **\$125**
